A Bible Talk: Sermon on the Mount

If we want to practice primitive Christianity as Christ Jesus did, do we need to know and understand the founder's teachings? The Gospel of Matthew documents a large portion of these teachings in what has come to be known as the "Sermon on the Mount." In that Sermon, we find the highest standards for the scientific Christian. Do these ideals seem difficult to attain, far-off, or even impossible for us to live? This talk will take an in-depth look at these timeless teachings to discover how they reveal to the scientific Christian the way to think and live righteously.

Where: First Church of Christ, Scientist, Bernardsville
11 Meeker Road (Corner of Route 202 and Meeker Rd)
Bernardsville, NJ 07924

When: 1:00 p.m. – 4:00 p.m.
